DELIVERING A SOCIAL NORMS PROGRAMME FOR YEAR GROUPS 9-13

R U Different takes Social Norms and makes it work more simply, positively and measurably.

R U Different works to improve healthy behaviours using Social Norms; measurable techniques being increasingly embraced within schools.

THE RESOURCE:

- R U Different provides a single point resource that contributes to elements of the Ofsted Framework, Health initiatives and Children's Plans including National Indicators.
- Provides instant reporting that comparing attitudes, perceptions and behaviours from year 9 to 13, by age, gender and location.
- Gives you the authority elements of control over a range of questions depending on priority areas - e.g. Teen pregnancy, alcohol, sex, relationships, smoking etc.
- Offers access to a full range of Positive Intervention activities and materials.
- Provides control for the authority to measure and compare schools in their area, plus national averages.
- Creates the opportunity for discussion and specialised training among key champions within schools to help maximise use of resource and results.
- Continues to support authorities and schools year on year to help contribute towards positive shifts in attitudes and perceptions.

R U DIFFERENT provides a single point resource towards key elements of the OFSTED framework including:

- Healthy Lifestyles/Safeguarding
- Community Cohesion & Media
- Spiritual, Moral, Social and Cultural Education
- Support for Vulnerable Groups
